Site plan

The project - Pearl Towers

LOCATION

Pearl Towers is ideally located on a carefully selected area giving a picturesque view of the natural beauty and floral landscape. The size of the plot is 0.5 acres approximately, overlooking the lush green thus providing a posh, airy and residential environment on Gatundu Close, Kileleshwa, Nairobi.

The project enjoys close proximity to school, food and shopping centres and hospital with convenient access to public transport. The distance to Yaya Shopping Centre is 1.5 km and City Centre is approximately 4 kms. The above amenities, features and the strategic location gives PEARL TOWERS, A CLASS OF IT'S OWN.

HIGHLIGHTS

Great location.

Ample car parking.

Cabro bricks parking and driveway.

Stone boundary wall with electric fencing and razor wire.

Extra steel door on main entrance and passage, mahogany panel door.

Specifications

STRUCTURE

Earthquake resistant reinforced concrete with stone and CC block masonry walls, incorporating all safety measures, ensuring structural stability and maximum security of life and property.

FINISHES

Stone walls plastered internally and externally. Internal surfaces are finished with quality emulsion paint. Decorative stone finish on external walls. Door frames, doors, curtain rods and windowsills of mahogany will be varnished and beautifully designed. Cupboards and kitchen cabinets will be made of MDF melamine both sides.

BATHROOMS

Top quality sanitary ware, coloured tiles on wall up to 7' height in all bathrooms and kitchen. Bath tub and shower in master en suite. Large mirror with strip lights. Cloakroom for visitors.

WINDOWS

Windows are heavy duty aluminium and glazed.

SPECIAL SECURITY

The estate will have all round boundary wall and will have only one entrance with large gate and guard post. Also ample security and street lights. All round electric fence with razor wire. Intercom system will be provided. Panic button with alarm. CCTV.

FLOORING

Kitchen, utility, bathrooms, terrace flooring of ceramic tiles. All bedrooms, sitting, dining and passage will be laminated 12mm MDF flooring.

DOORS

Main door will be of solid timber panel and varnished. Other doors are in solid made of mahogany veneer and varnished.

ELECTRICAL

All electricals are concealed. Extra sockets provided in each room. Four points for TV antenna will be provided in each flat. All fittings are of superior quality.
